Paula's Hope ~ In God's Time

We are needed more now than ever...

Paula's Hope opened its door June 1st of this infamous year of 2020. An infamous year of our nation and the world because of the unexpected pandemic of Covid-19 that hit us around the beginning of February. No one expected it to cause such a change in all our lives. The shut down of business, schools, and churches throughout our nation cascaded to the loss of jobs, businesses, and lives.

These things are devastating to the lives of so many. The stress, depression, and worries caused by so much loss and change can be overwhelming. How encouraging to know that these things didn't take God by surprise and that he will see us through all these things as we trust him in the process.

God's timing in these things we may not always understand but where there is a problem, he always makes a way for escape and solutions. Paula's Hope comes along at God's time to step in as a venue to reach out and offer a place of refuge for women who are overwhelmed by all these "new normal" ways that have invaded our actual normal way of life.

Paula's Hope is a free Christian Counseling Center that is available to help women who are in need of counsel in a safe and confidential place where she can share her hurts, worries, and cares with a trained Discipleship Counselor at our center.

Paula's Hope is needed now more than ever in this changing world and maybe it is for such a time as this that God has opened the doors of Paula's Hope to be a place of refuge for the hurting so healing can begin and we can change to become all Christ wants us to be in Him.

Our Mission Statement:

*To educate and encourage others
to know their Identity in Christ and
to experience the Freedom He has for them.*

We Can Help!

*Do you struggle with
any of these*

Thank You!

Why Paula's Hope?

Paula of Paula's Hope and her story of hope!

Who is Paula and what is her hope, you may ask?

Paula is a Mother of 4 grown children, Hunny to 9 grandchildren and Wife of 39 years. She worked with Laverne and Sheryl (*Director & Assistant Director at Paula's Hope*) at a Center supporting/counseling women. Paula's Hope is in her Lord and Savior Jesus Christ. He was always right beside her to help her through each trial she faced. Paula has been a blessing to many women, spending much time investing in relationships, counseling and praying for those she mentored.

Paula was admired by many for her rock solid, unshakeable Faith. She would always give full credit to the Lord for his grace and strength and was a true prayer warrior. She was full of compassion and love for those who were hurting. Like so many, Paula struggled with depression. She herself often sought counseling and found it to be very helpful. She knew God would somehow use her personal struggles to help others.

She was a Northwest Arkansas resident for 30 years and was always very involved in her community. Paula came to know the Lord as a teenager. Her Faith carried her thru the ups and downs of Life. She would say when she felt like everyone else lets her down, she had peace that God says He would never leave her.

She loved the Lord and knew the Lord well, always studying the Bible and enjoyed writing scripture after scripture on notecards.

Paula is now in Heaven with Jesus and is greatly missed. She left this world too soon, and we long for the day we will reunite with her and Jesus. But even though she is no longer here on earth with us, she continues to be used by God and is a blessing to others in so many ways, leaving a true legacy of Faith.

Through Paula's Hope we pray you feel special, loved and heard. This is a safe place to find healing. And as Paula had recently learned and said, we must "*Embrace the process of healing*".

We hope you can do just that.
